Virtually Maintenance-Free

Even after continued exposure to the elements, Dream® Rail is proven to perform.

ADA-Compliant Grasp Rail Kit

The Dream®Rail and Dream® Deck Systems enable you to enjoy your deck on hot summer days in comfort, without the heat build-up associated with traditional deck surfaces. The Dream® Rail and Dream® Deck surfaces are UV resistant and stay comfortable to the touch. Both are made of an innovative vinyl material that is far superior to wood.

Unlike wood, these surfaces won’t splinter, warp, decay or mildew. They do not require painting, staining or sealing. Plus, they are 100% recyclable and friendly to the environment.

Dream®Rail

Dream® Rail
Maintenance-Free Vinyl Rail

If you've been searching for the perfect complement to your porch, patio or deck, Dream®Rail Systems have the solutions you've been looking for. Dream®Rail Systems are so versatile, that they provide a finishing touch to any surface, including wood, masonry and especially our vinyl or composite Dream®Deck Systems. Our Dream® Rail Systems are available in colors and styles that assure you can create the perfect look for your home.

Our Dream®Rail CA (Concealed Attachment) System offers a sleek, streamline design of maintenance-free, vinyl components with concealed fasteners, providing a look unmatched by any other system on the market.

Or, choose the Dream®Rail EX System. This unique combination of maintenance free vinyl and durable die-cast zinc escutcheon components is an innovative and aesthetically pleasing alternative to bulky and obtrusive, bracketed rail attachments.

Enjoy an unobstructed panorama of your front or backyard surroundings with the view-enhancing Dream®Rail Glass Rail System. With its distinct architectural design, the Dream®Rail Glass Rail System is a durable combination of 3/8" thick tempered safety glass and maintenance-free vinyl rail components.

Personalize the look of your new Dream®Rail System with your choice of square pickets, contoured balusters or glass. Select from an array of post cap options as well: Standard, New England, Gothic or Ball. Color-coordinated to complement our vinyl deck components, all Dream®Rail Systems are offered in two UV-resistant colors, white and earthtone, for a long-lasting, beautiful appearance.

48" Dream®Rail meets swimming pool code requirements and easily attaches to concrete.
